1. Summary of Significant Accounting Policies and Going Concern

Accounting Practices

A. The financial statements of Conseco Life Insurance Company of Texas (“Company”) are presented on the basis of accounting practices prescribed or permitted by the Texas Department of Insurance (“Department”).

The Department recognizes only statutory accounting practices prescribed or permitted by the State of Texas for reporting the financial condition and results of operations of an insurance company and determining its solvency under Texas Insurance Law. The *Accounting Practices and Procedures* manual (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the State of Texas. However, the State of Texas may adopt certain prescribed accounting practices that differ from those found in NAIC SAP. In addition, the Department has the right to permit other specific practices that deviate from prescribed practices. However, the Company has no such permitted practices.

A reconciliation of the Company’s net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Texas is shown below:

- (2) Bonds not backed by other loans are stated at amortized cost using the interest method, except those rated NAIC class 6, which are stated at the lower of amortized cost or fair value.
- (6) Loan-backed bonds, structured securities and beneficial interests are stated at amortized cost using the interest method, except for those rated NAIC class 6, which are stated at the lower of amortized cost or fair value. For securities where collection of all contractual cash flows is probable, changes in currently estimated cash flows, including the effect of prepayment assumptions, are accounted for using the retrospective method. For securities that are not of high credit quality for which collection of all contractual cash flows is not probable, significant increases in cash flow estimates are accounted for using the prospective method.

D. Loan-backed Securities

- (1) Prepayment assumptions for loan-backed bonds and structured securities are obtained from third party vendors and internal estimates. These assumptions are reviewed for consistency with the current interest rate and economic environment.
- (2) The Company did not record any other-than-temporary impairments ("OTTI") during the six months ended June 30, 2020 under SSAP No. 43R – Revised, Loan-backed and Structured Securities ("SSAP 43R"), resulting from either an intent to sell or the inability or lack of intent to retain the investment for a period of time sufficient to recover the amortized cost basis.
- (3) The Company did not recognize any OTTI as of June 30, 2020 as a result of an expected shortage of discounted future cash flows to recover the amortized cost of the security on currently held loan-backed bonds, structured securities and beneficial interests.
- (4) The Company does not own any loan-backed securities at June 30, 2020 that have not been impaired with a fair value lower than amortized cost.
- (5) The Company regularly evaluates its investments with unrealized losses for possible impairment. The Company's assessment of whether unrealized losses are "other-than-temporary" requires significant judgment. Factors considered include: (i) the extent to which fair value is less than the cost basis; (ii) the length of time that the fair value has been less than cost; (iii) whether the unrealized loss is event driven, credit-driven or a result of changes in market interest rates or risk premium; (iv) the near-term prospects for specific events, developments or circumstances likely to affect the value of the investment; (v) the investment's rating and whether the investment is investment-grade and/or has been downgraded since its purchase; (vi) whether the issuer is current on all payments in accordance with the contractual terms of the investment and is expected to meet all of its obligations under the terms of the investment; (vii) whether or not the Company intends to sell the investment or it is more likely than not that circumstances will require the Company to sell the investment before recovery occurs; (viii) the underlying current and prospective asset and enterprise values of the issuer and the extent to which the recoverability of the carrying value of the Company's investment may be affected by changes in such values; (ix) projections of, and unfavorable changes in, cash flows on structured securities including mortgage-backed and asset-backed securities; (x) our best estimate of the value of any collateral; and (xi) other objective and subjective factors.

9. Income Taxes

The Company has significant non-life net operating loss carry-forwards ("NOLs") originating in 2003 principally related to losses on the cancellation of the common stock of Conseco Finance Corporation, a former affiliate. The Company's non-life affiliates generate taxable income which is offset by the non-life NOLs held by the Company. Pursuant to the intercompany tax sharing agreement, the Company's non-life affiliates reimburse the Company for utilization of the NOLs. For the six months ended June 30, 2020, the Company utilized \$164,696,971 of NOLs resulting in a current tax benefit of \$34,586,363 related to the taxable income of non-life affiliates. In addition, the Company is able to utilize its NOLs to offset affiliated life insurance company taxable income subject to a 35% limitation in the Internal Revenue Code. In the first two quarters of 2020, the Company utilized \$13,931,788 of NOLs resulting in a current tax benefit of \$2,925,675 related to the taxable income of life affiliates. The total current tax benefit from 2020 NOL utilization is \$37,512,038.

The Tax Cuts and Job Act (the "Tax Reform Act"), which was effective in 2018, eliminated a company's ability to carryback losses to prior years for losses realized in 2018 and beyond. In addition, the utilization of these NOLs to offset income in 2018 and subsequent years was limited to 80 percent of taxable income. The Coronavirus Aid, Relief, and Economic Security ("CARES") Act, a tax-and-spending package intended to provide economic relief to address the impact of the novel coronavirus ("COVID-19") pandemic, was signed into law in March 2020. Provisions in the CARES Act permit NOLs arising in a taxable year beginning after December 31, 2017, and before January 1, 2021 to be allowed as a carryback to each of the five taxable years preceding the taxable year of such loss. Further, the CARES Act temporarily repeals the 80 percent limitation for taxable years beginning before January 1, 2021 (as required under the Tax Reform Act).

As a result of these CARES Act provisions, \$477,377,770 of life NOLs on the Company's subsidiary, Bankers Life and Casualty Company ("Bankers Life"), were utilized in the first two quarters of 2020 resulting in a current tax benefit on Bankers Life of \$152,654,908. As a result of the CARES Act provisions, tax sharing payments previously made to the Company for the utilization of its non-life NOLs will no longer be necessary. This resulted in current tax expense of \$53,429,217 and a tax sharing payment refund to Bankers Life. This refund was settled by the Company in the second quarter of 2020 through a dividend from Bankers Life. See Note 10A for more information. The Company and its affiliates have submitted their amended federal tax returns for tax years 2016-2018 to the Internal Revenue Service.

At June 30, 2020, the federal income tax recoverable of \$105,924,989 included a receivable of \$93,259,484 from the Company's ultimate parent, CNO Financial Group, Inc. ("CNO") and a federal income tax liability of \$92,439,092 including \$91,675,463 to Bankers Life. These balances primarily reflect the tax refund CNO will ultimately receive related to the amended returns, which will be paid to the Company and subsequently paid to Bankers Life.

10. Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

A., B., & C.

During 2020, the Company paid dividends from other than earned surplus to its sole shareholder, CDOC, Inc. ("CDOC") as follows:

- (1) On January 30, 2020, the Company settled an extraordinary dividend of \$46,000,000, along with a corresponding federal income tax recoverable from CNO. Such dividend was accrued at December 31, 2019, along with the federal income tax recoverable.
- (2) On March 31, 2020, the Company paid an extraordinary dividend of \$44,800,000 in cash.
- (3) On June 29, 2020, the Company paid an extraordinary dividend of \$62,500,000 in cash.

During 2020, the Company received shareholder dividends from its subsidiary, Bankers Life, as follows:

- (1) On March 31, 2020, the Company received an ordinary dividend of \$50,000,000 in cash.
- (2) On June 29, 2020, the Company received an ordinary dividend of \$75,000,000 in cash.
- (3) On June 30, 2020, the Company received an ordinary non-cash dividend of \$53,000,000 in conjunction with the settlement of an intercompany tax payable to Bankers Life. See Note 9 for additional details.

During 2020, the Company paid contributions to the surplus of its subsidiaries as follows:

- (1) On March 30, 2020, the Company paid a contribution of \$8,000,000 in cash to Colonial Penn Life Insurance Company ("Colonial Penn").

N. Bankers Consecos Life Insurance Company ("Bankers Consecos Life"), a subsidiary domiciled in New York, has adopted certain accounting practices that differ from those found in NAIC SAP.

As required by New York, Bankers Consecos Life uses continuous CARVM reserving methods for its deferred annuity contracts versus curtail CARVM reserving methods required by NAIC SAP. If curtail reserving methods were used for contracts issued beginning January 1, 2001, surplus would be increased by \$216,721 and \$194,860 as of June 30, 2020 and December 31, 2019, respectively. Additionally, net income for the six months ended June 30, 2020 and the year ended December 31, 2019 would be increased by \$21,861 and \$41,299, respectively. Using curtail CARVM reserving methods for deferred annuity contracts would not have caused Bankers Consecos Life's risk-based capital to trigger a regulatory event. In addition, the Department has the right to permit other specific practices that deviate from prescribed practices. However, Bankers Consecos Life has no such permitted practices.

F. All Other Contingencies

- (1) On December 19, 2018, Melanie Cyganowski, as Equity Receiver for Platinum Partners Credit Opportunities Master Fund, LP ("PPCO") and other Platinum entities (the "PPCO Receiver") brought an action in the United States District Court for the Southern District of New York, *Cyganowski v. Beechwood Re Ltd, et al.*, alleging, among other claims, fraud, aiding and abetting fraud, fraudulent transfer and violation of the Racketeer Influenced and Corrupt Organizations Act against numerous defendants, including Beechwood Re Ltd. ("BRe") and many of its affiliates and CNO, Bankers Consecos Life, Washington National Insurance Company ("Washington National") and 40|86 Advisors, Inc. ("40|86 Advisors") (collectively, the "CNO Parties"). The PPCO Receiver alleged that Platinum insiders conspired with BRe and its principals and affiliates in a massive fraudulent scheme to enrich the Platinum and BRe insiders to the detriment of Platinum investors and creditors. The PPCO Receiver alleged that CNO, Bankers Consecos Life, Washington National and 40|86 Advisors had liability for the fraudulent scheme of the Platinum and BRe insiders under a theory that they turned a blind eye to the fraudulent scheme due to their desire to transfer unprofitable legacy portfolios of long-term care insurance via the reinsurance transactions with BRe. On January 24, 2019, the court consolidated the PPCO Receiver action with two other cases (to which the CNO companies are not parties) before it for at least discovery purposes. On August 19, 2019, the court granted in their entirety CNO's and 40|86 Advisors' motions to dismiss the PPCO Receiver's claims against them. The court granted in part and denied in part the motions to dismiss of Bankers Consecos Life and Washington National, dismissing the PPCO Receiver's claims for, among other things, fraud, aiding and abetting fraud, securities fraud and violation of the Racketeer Influenced and Corrupt Organizations Act, while denying Bankers Consecos Life's and Washington National's motions to dismiss the PPCO Receiver's fraudulent transfer and unjust enrichment claims. Bankers Consecos Life and Washington National agreed with the PPCO Receiver to fully settle the *Cyganowski* case. Under the settlement, neither Bankers Consecos Life nor Washington National will incur any liability or make any payment to anyone, but instead they were granted an unsecured claim against PPCO's estate. The settlement agreement states that the PPCO Receiver's decision to enter into the agreement was based in part on the CNO Parties' credible arguments based on an expansive documentary record that the CNO Parties were not knowing participants in any fraud perpetrated by any of the Platinum funds or any of the Beechwood entities, but were instead purely victims of such fraud schemes. The settlement agreement was approved by the court, and the PPCO Receiver and all CNO Parties have filed a Stipulation of Dismissal with Prejudice that was accepted by the Court. The *Cyganowski* case is thus completely concluded.

On April 9, 2019, Bankers Consecos Life and Washington National commenced an action entitled *Bankers Consecos Life Insurance Company and Washington National Insurance Company v. Wilmington Trust, National Association*, in the Supreme Court of the State of New York, County of New York, Commercial Division (the "Wilmington Action"). In the Wilmington Action, Bankers Consecos Life and Washington National assert claims against Wilmington Trust, National Association ("Wilmington") for breaching its express contractual obligations under four trust agreements pursuant to which Wilmington was the trustee in regard to trust assets ceded as part of reinsurance agreements with BRe, as well as for breaching its fiduciary duties to Bankers Consecos Life and Washington National. The Court granted Wilmington's motion to dismiss this litigation. Bankers Consecos Life and Washington National are appealing the Court's decision.

On June 7, 2019, the Joint Official Liquidators of Platinum Partners Value Arbitrage Fund L.P. (in Official Liquidation) and Principal Growth Strategies, LLC, commenced suit against, among others, the CNO Parties in Delaware Chancery Court. Plaintiffs allege that the CNO Parties were unjustly enriched when they terminated Bankers Consecos Life and Washington National's reinsurance agreements with BRe and recaptured assets from reinsurance trusts, in particular, Agera securities. Plaintiffs contend that the Agera securities were fraudulently transferred to the Reinsurance Trusts by other Platinum-related entities and they are seeking to claw back those Agera securities, or the value of those assets, from the CNO Parties. The CNO Parties are vigorously contesting the plaintiff's claims. The CNO Parties had removed the case to the United States District Court for the District of Delaware but on April 6, 2020, the District Court granted the plaintiff's motion to remand the case back to the Delaware Chancery Court. The Plaintiff has filed an Amended Complaint and the CNO Parties will respond.

On June 28, 2019, Bankers Consec Life and Washington National commenced an action entitled *Bankers Consec Life Insurance Company and Washington National Insurance Company v. KPMG LLP*, in the Supreme Court of the State of New York, County of New York, Commercial Division (the "KPMG Action"). In the KPMG Action, Bankers Consec Life and Washington National assert claims against KPMG LLP ("KPMG") for aiding and abetting fraud, constructive fraud and negligent misrepresentation arising from KPMG's alleged role in the Platinum Partners' scheme to defraud Bankers Consec Life and Washington National into reinsuring its long-term care business with BRe. The Court granted KPMG's motion to dismiss this litigation. Bankers Consec Life and Washington National are appealing the Court's decision.

(2) - (3) The Company did not have any assets classified as Level 3 at June 30, 2020.

(4) The Company's financial assets measured and reported at fair value have been classified, for disclosure purposes, based on a hierarchy defined by authoritative guidance. The degree of judgment utilized in measuring the fair value of financial instruments is largely dependent on the level to which pricing is based on observable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our view of market assumptions in the absence of observable market information. Financial instruments with readily available active quoted prices would be considered to have fair values based on the highest level of observable inputs, and little judgment would be utilized in measuring fair value. Financial instruments that rarely trade would often have fair value based on a lower level of observable inputs, and more judgment would be utilized in measuring fair value.

NOTES TO FINANCIAL STATEMENTS

20. Fair Value Measurements, continued

Valuation Hierarchy

There is a three-level hierarchy for valuing assets or liabilities at fair value based on whether inputs are observable or unobservable.

- Level 1 – includes assets and liabilities valued using inputs that are unadjusted quoted prices in active markets for identical assets or liabilities. Our Level 1 assets primarily include cash and cash equivalents and exchange traded securities.
- Level 2 - includes assets and liabilities valued using inputs that are quoted prices for similar assets in an active market, quoted prices for identical or similar assets in a market that is not active, observable inputs, or observable inputs that can be corroborated by market data. Level 2 assets and liabilities include those financial instruments that are valued by independent pricing services using models or other valuation methodologies. These models consider various inputs such as credit rating, maturity, corporate credit spreads, reported trades and other inputs that are observable or derived from observable information in the marketplace or are supported by transactions executed in the marketplace. Financial assets in this category primarily include: certain publicly registered and privately placed corporate fixed maturity securities; certain government or agency securities; certain mortgage and asset-backed securities; certain equity securities; and non-exchange-traded derivatives such as call options.
- Level 3 - includes assets and liabilities valued using unobservable inputs that are used in model-based valuations that contain management assumptions. Level 3 assets and liabilities include those financial instruments whose fair value is estimated based on broker/dealer quotes, pricing services or internally developed models or methodologies utilizing significant inputs not based on, or corroborated by, readily available market information. Financial assets in this category include certain corporate securities, certain structured securities, mortgage loans, and other less liquid securities.

At each reporting date, we classify assets and liabilities into the three input levels based on the lowest level of input that is significant to the measurement of fair value for each asset and liability reported at fair value. This classification is impacted by a number of factors, including the type of financial instrument, whether the financial instrument is new to the market and not yet established, the characteristics specific to the transaction and overall market conditions. Our assessment of the significance of a particular input to the fair value measurement and the ultimate classification of each asset and liability requires judgment and is subject to change from period to period based on the observability of the valuation inputs.

B.- C. As of June 30, 2020, the aggregate fair value of all financial instruments and the level within the fair value hierarchy in which the fair value measurements in their entirety fall were as follows:

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	Level 1	Level 2	Level 3	Net Asset Value (NAV)	Not Practicable Carrying Value

C. Other Disclosures

The novel coronavirus ("COVID-19") pandemic has negatively impacted the U.S. and global economies, created significant volatility and disruption in the capital markets, dramatically increased unemployment levels and has fueled concerns that it will lead to a global recession. Depending on the duration and severity of the pandemic, we foresee the potential for adverse impacts related to, among other things: (i) sales results; (ii) insurance product margins; (iii) net investment income; (iv) invested assets; (v) regulatory capital; (vi) liabilities for insurance products; and (vii) income tax assets. The full extent to which COVID-19 will impact our business, results of operations and financial condition remains uncertain.
